

AVX300 Built-In Axial Fan Range Specification Sheet

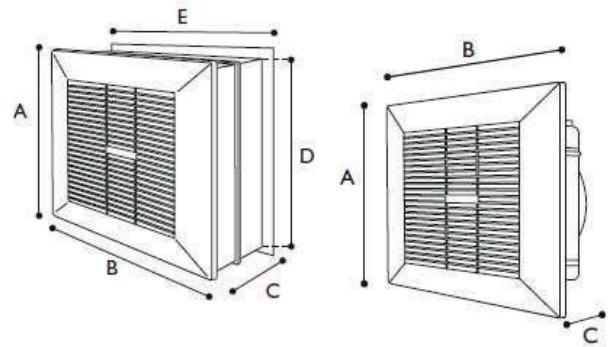

Key Features

- Separate built-in range for flush mounting
- Replacement fan range
- Suitable for wall mounting only

Models

Model No.	Product Description
AVX300BIAN	Automatic shutter fan kit
AVX300BIANR	Automatic shutter replacement fan

Dimensions

Dimension (mm)	A	B	C	D	E
AVX230BIAN	470	470	160-290	436	442
AVX230BIANR	470	470	154	-	-

Additional Information

Wall Hole Size	300mm	446 x 452
----------------	-------	-----------

Installation Information

Suitable for wall fitting only

Technical Details

Construction	Impact resistant ABS thermoplastic
Rating	220-240V ~50Hz~AC 82W
IP Rating	IPX4
Class	Double Insulated <input type="checkbox"/>
Motor	Single-phase induction motor with pre-oiled bearings; All with thermal overload protection Maximum operating Temperature 40°C
Approvals	CE
Warranty	5 Years Exchange
Country of Origin	UK
Manufacturer	Addvent

Performance Details

Specification	m ³ /Hr	l/s	dB(A) @ 3m	Power (W)
AVX300 Range	1100	305	60	82
